

## STUDENT SAFETY PATROLS

The Board recognizes the value of a student safety patrol as an essential part of the school program to instruct the children of this district in good safety habits and to provide opportunities for leadership training.

The Board authorizes the formation of a school safety patrol of students in grades 5 and 6. All students eligible may apply for service on the safety patrol; selection among them will be made on consideration of qualities of responsibility and good citizenship.

Members of the school safety patrol may be assigned to control and direct student traffic in the school buildings, on school buses and on sidewalks or paths adjacent to a street or roadway. No safety patrol member shall be permitted to direct or place himself/herself in the path of vehicular traffic.
