

STUDENT AUTOMOBILE USE

The transportation policies of the Board are aimed at providing a safe, efficient, and economical method of getting students to and from school and school-sponsored activities. The Board provides transportation services to students that meet or exceed State law.

The Board recognizes that students might desire to drive their own vehicles to school. Therefore, the Board directs the Superintendent/designee to develop and maintain administrative guidelines to ensure the safety of student drivers, passengers, and all other persons on District property.

In compliance with State law, student drivers under the age of 17 years old are not permitted to transport more than one person who is not a family member unless the driver is accompanied by his/her parent, guardian, or custodian.

Students are discouraged from transporting other students to and from student activities, events, and programs.
