

POLICY IMPLEMENTATION

The Superintendent has the responsibility for carrying out, through regulations, the policies established by the Board.

The policies developed by the Board and the regulations developed to implement those policies will be designed to promote an effective and efficient school system. It is expected that all Board employees and students will follow all Board policies and regulations.

There are many activities which are common to all schools, but procedures for conducting them may vary from building to building. Principals will establish procedures for conducting activities in their respective schools within the larger framework of District regulations and Board policies.
