

ORGANIZATION OF FACILITIES FOR INSTRUCTION

The Board recognizes that the grouping of grades and services within the facilities of the District can assist the efficient operation of the District and help achieve a more effective instructional program.

The housing of grade levels in school facilities throughout the District and the administration of the instructional program will be according to plans developed by the Superintendent and the administrative staff and approved by the Board.

Modifications in the organizational plan of the schools may be made only by the Board upon the recommendation of the Superintendent. The Superintendent shall continually monitor the effectiveness of the organizational plan and recommend to the Board such modifications in the plan which are in the best interests of the students; provide for the equivalency of instructional materials, equipment, and personnel within the District; and make the wisest use of District resources and District personnel to serve the educational goals of the Board.
